

Megacell[®]

Cellular Drainage System

Australian Made

Description

Megacell® is a light weight high flow cellular drainage system. This system is specifically designed for drainage applications in areas with restricted access or where system thickness is a limiting factor. **Megacell®** is the ideal drainage solution for roof top gardens, planter boxes and under brick pavers.

Properties	Units	Typical Values	Test Method
Panel thickness	mm	40	ASTM D2122
Panel width	mm	330	ASTM D2122
Panel length	mm	1200	ASTM D2122
Compressive Strength (vert)	kPa	250	ASTM D2412
Compressive Strength (horz)	kPa	200	ASTM D2412

Megacell® is an Australian Made product manufactured from recycled High Density Polyethylene (HDPE). **Megacell®** is manufactured under the ISO 9001 quality control regime, under this scheme, the product is subject to strict monitoring by both internal and independent laboratories.

Typical Application

IMPORTANT NOTICE

The information contained in this brochure is general in nature. In particular the content of this brochure does not take account of specific conditions that may be present at your site. Site conditions may alter the performance and longevity of the product and in extreme cases may make the product wholly unsuitable. Any data or specifications contained in this brochure are average values obtained in our laboratory. Actual dimensions and performance may vary. If your project requires accuracy to a certain specified tolerance level you must advise us before ordering the product from us. We can then advise whether the product will meet the required tolerances. Where provided, installation instructions cover installation of product in site conditions that are conducive to its use and optimum performance. If you have any doubts as to the installation instructions or their application to your site, please contact us for clarification before commencing installation. In all cases we recommend that advice be obtained from a qualified consulting engineer before proceeding with installation. © Copyright held by Geofabrics Australasia Pty Ltd.
